

INVITATION

Date: 10th and 11th Feb 2017

Venue: Westin Hotel, Rajarhat, Kolkata

Dear Friends,

Our warmest greetings of this festive season.

We at the ISG, West Bengal, strive to always bring you up to date with what's relevant in the field of Gastroenterology and Hepatology in the world today. Our speakers come from all corners of India on a regular basis. This year we are attempting to walk a little off the beaten track.

We intend having a mix of "**Tomorrow's World**" in our proceedings of this year.

To this end, we have invited a group of speakers from England who in the course of their personal research, are generating data that will possibly impact our patient management strategies in future.

Also, we have decided to start the Dr. K. N. Jalan oration from this year in honour of the stalwart who was so pivotal in establishing Gastroenterology as a super-speciality field in Eastern India.

All in all, the meeting promises to be quite exceptional in its content and I suggest that you shouldn't miss it for the world.

Save the date,

Regards and best wishes,

Dr. Kalyan Bose
President, ISG (WB)

Dr. Abhijit Chowdhury
Secretary, ISG (WB)
